

AGREES CRAIG

Will Have Sec-
With Henry
Third.

A SURPRISE

of Secrets of Fi-
Department Feared
by Hylan Supporters.

BOYLE OFFERED PLACE

Joab Banton Likely to Receive
Nomination for District
Attorneyship.

For Mayor—John F. Hylan of
Brooklyn.

For Comptroller—Charles L. Craig
of Manhattan.

For President of the Board of Al-
dermen—Henry Smith of Manhattan.

That is the Democratic city ticket,
unless some unexpected contingency
arises, according to those in touch
with the inner circles of Tammany
Hall. Charles F. Murphy, whose word
has been final on all such matters for
some years, has not definitely com-
mitted himself for publication. He likes
to keep an open mind right up to the
last, but the reasons for settling upon
a renomination for Craig and the nom-
ination of Smith for the third place
are so compelling, it is said, there is
little likelihood of a change in the
slate at the last minute.

Craig's Emity Feared.

For several days it has been under-
stood that the Comptroller could have
a renomination if he wanted it. Now
it is learned he wants it. Tammany
could ill afford to have the emity of
the Comptroller in the campaign. He
has too many secrets of the Hylan ad-
ministration locked in the Finance De-
partment. There has been almost con-
stant bickering between Hylan and
Craig in the Board of Estimate and
Craig once said he would not accept a
renomination to run with Hylan. His
friends are surprised that he has
changed his mind.

Henry Smith, who has been First
Deputy Comptroller for seven months,
was president of the Board of Park
Commissioners under Mayor McClellan.
He is a native of Albany and was in
business in Jamestown before he came
to New York to practice law in 1889.
He always has stood well in Tammany
Hall. When he went into the Finance
Department the understanding was he
was being groomed for the Comptroller-

ship nomination. But the Meyer in-
vestigating committee changed the plans.
The reports that Craig was prepared to
furnish lots of information that would
damage Mayor Hylan made it necessary
to agree to his nomination.

Mr. Smith for some months repre-
sented the Comptroller at every meet-
ing of the Board of Estimate. He has
law offices at 261 Broadway and lives
at 362 Riverside Drive.

Boyle Offered a Place.

Edward F. Boyle, former head of the
Workmen's Compensation Commission,
who ran against Henry H. Curran for
Borough President of Manhattan two
years ago, will stand again for that of-
fice if he can be persuaded to do so.
Alderman William T. Collins and John
P. Leo, Street Cleaning Commissioner,
are in the running in case Boyle declines
to be considered.

There is a host of contenders for the
District Attorneyship to succeed Edward
Swann. That is an office which not in-
frequently led to the General Sessions
bench and is highly prized for that reason.
Frederic Kernochan, Chief Justice of
Special Sessions, and Alexander I. Rorke,
Assistant District Attorney, have light-
ning rods up for the nomination. The
prevailing opinion, however, is that Joab
H. Banton, the First Assistant District
Attorney, will land the nomination.
Tammany has no desire to play politics
with the office according to one of the
leaders.

After the General Committee issues
the primary call to-morrow night the
board of strategy will take up the
ticket, calling upon the Executive Com-
mittee before the end of the week to
ratify the slate.

VOLUNTEER ELEVATOR OPERATOR KILLS MAN

Starts Car as Victim Is Tug-
ging at Door.

Samuel Hymowitz, 37, of 1409 East
New York avenue, Brooklyn, a truck-
man's helper, loaded goods into the
freight elevator at 12 West Eighth
street yesterday, and, the
operator being absent, decided to
make the trip himself, according to the
police report. Several other men were
in the car and one of them, Jack Bash
of 946 Rockaway avenue, Brooklyn,
asked to be let out at the seventh floor.
The car was stopped and Bash tried
to open the shaft door, but it stuck.
While he was tugging on it, the police
said, Hymowitz started the car up. Bash
was crushed between the car and the
shaft, and as the car drew up his body
was freed and dropped. It went to the
bottom of the shaft. Bash was dead
when reached. Hymowitz was held in
\$1,000 bail in Jefferson Market Court on
a charge of felonious assault.

BRIGHTON BEACH PRICES DOWN

Hotel Shelburne Announces Cuts
of 25 to 80 Per Cent. on Foods.

A reduction in prices of food and
drinks was announced yesterday by the
Hotel Shelburne at Brighton Beach.
Cuts run from 25 to 80 per cent., count-
ing the elimination of the bread and
butter charge and of the covert charge
at dinner. The covert charge has been
lowered from \$1 to 50 cents, and is not
made before 10 P. M.

Samples of the new prices, which
Manager Louis Fischer says put the
hotel on a par with the best in the city,
are: "Shore dinner," heretofore \$3.25, will
be \$2.50; a special "blue plate" dinner,
which was \$2.50 at the old scale, will be
\$1.25. Several of the 75 cent drinks
have been reduced to 40 cents.

KOENIG IS EXPECTED TO JUMP TO CURRAN

Continued from First Page.

impartial enforcement of all laws if he
became Mayor, but there would not be
persecutions or searches of private
dwellings or of the persons of citizens
by the police without search warrants.
"Any policeman who makes such
searches, except in cases of misdemean-
ors committed in his presence or where
he has reasonable cause for believing the
person arrested has committed a felony,"
he added, "will be immediately suspend-
ed and dismissed if after trial the evi-
dence shows him guilty of such out-
rageous conduct."

"Will you withdraw for Judge Has-
kell?" Mr. Bennett was asked.

"No, I am going to stick," was the
reply. "My petitions will all be signed
with between 2,500 and 3,000 names and
will be locked up in my safe ready to
file not later than Wednesday. I shall
have a complete city ticket, a candidate
for Borough President of Manhattan
and a complete ticket for New York
city. I am going to teach that well-
known philanthropist, Mr. Koenig, where
he gets off."

Bennett Keeps a Dark Secret.

Who the men on his ticket would be
Mr. Bennett declared was a deep, dark
secret. Asked whether he had any
working agreement with La Guardia or
Haskell, he replied:
"How can that be when we are all
candidates for the same nomination. We
might reach some sort of an agree-
ment as to supporting the winner."

"Will you support the steering com-
mittee's candidate, if he wins in the
primaries?"
"He cannot win. I am going to win.
I shall carry Brooklyn, Queens and
Richmond and run very strong in Man-
hattan and The Bronx. Has the coal-
ition committee announced it would sup-
port the winner? I think it should
adopt such a resolution before it gets
through. There's no chance for a third
ticket this year."

Soon Mr. Bennett will send out his
periodic letters asking the district lead-
ers to get up meetings for him in their
clubhouses.

Byron R. Newton is continuing his
effort to get the coalition committee in-
terested in Justice James C. Crosey.
Before the committee meets to-morrow
night he will try to get word from the
Justice that he will run, if named for
the Mayoralty nomination.

It is said two votes were taken at the
meeting of the coalition executive com-
mittee on Friday. One was between
Curran and Lockwood, which resulted in
an overwhelming victory for Curran.
As between Lockwood and Crosey the
latter was preferred by 2 to 1.

Walter B. Atterbury, for five years
chairman of the Kings County Republi-
can Committee, writing to Mr. Living-
ston yesterday appealed to him to "end
this continuous coalition between the
Republican organization and the trac-
tion, gas and electric interests." He
asked for a change in the law so that
political activities would not have to be
entered into when the thermometer
stood at 86 degrees. He wound up with
a declaration for Bennett.

COPS' \$100,000 FUND PROBE IN NEW TRIAL

Hirshfield Will Try to Find
Out How Much, if Any, Went
to State Legislators.

It was announced yesterday that when
Commissioner of Accounts David Hirsh-
field resumes his inquiry into the slush
fund of \$100,000, said to have been
raised for the purpose of getting a bill
through the Legislature, which gave per-
manent promotion and pay to a select
body of policemen, he will bend his
whole energy and talents toward find-
ing out how much, if any, of it was slipped
into the hands of legislators under the
form of legal fees.

Commissioner Hirshfield, who is con-
ducting an inquiry of his own into all
the circumstances of the alleged fund,
has brought out that Senator Lusk, who
is a member of the Mayor committee,
which hopes one day to investigate this
city and all the officials of it, received
a silver service costing \$1,147 as a gift
from detectives after he had fathered
the bill. He has not yet established that
there was a fund of \$100,000, but the
fact has not dismayed him. He has not
made inquiry at any of the hearings be-
fore him as to whether any of the
money went into the hands of legislators
as fees, but when the suggestion was
made to him yesterday that the line of
inquiry might be a good one to take, an-
nouncement was forthcoming immedi-
ately that it would be taken.

It was stated that he was not at all
satisfied with the foregoing bookkeep-
ing methods of those members of the
Detective Endowment Association who
bought Senator Lusk his silver service
and can't remember now where they got
the money, and he wants to know
whether the association has been mak-
ing a practice of paying good sized legal
fees and making no notation of them
in the records it keeps.

Will Radium at Last Open the Door of the Great Unknown?

If you are sick and want to Get Well and
Keep Well, write for literature that tells
how and why this almost unknown and
wonderful new element brings relief to so
many sufferers from Rheumatism, Sciatica,
Gout, Neuritis, Nervous Prostration, Con-
stipation, High Blood Pressure and disease of
the Stomach, Heart, Lungs, Liver, Kidneys
and other ailments. You wear this Radio-
Active Solar Pad day and night, receiving
the Radio-Active Rays continuously into your
system, causing a healthy circulation, over-
coming sluggishness, throwing off impurities
and restoring the tissues and nerves to a nor-
mal condition, and the next thing you know
you are getting well. Sold on a test propo-
sition. You are thoroughly satisfied it is
helping you before the appliance is yours.
Nothing to do but wear it. No trouble or
expense, and the most wonderful fact about
the appliance is that it is sold so reasonably
that it is within the reach of all, both rich
and poor.

No matter how bad your ailment or how
long standing, we will be pleased to have you
try it at our risk.

Call or write for full information and
proofs.

Miller is making it as clear as he can
that he proposes to stand solidly behind
Senator Lusk, who is majority leader in
the Senate. What part the Governor
will play in settling, or trying to settle,
the situation which has come about
through the linking of the Senator's
name with the passage of the bill bene-
fiting detectives, will be played probably
after other hands have been played.
But as to how he stands toward Senator
Lusk, he expressed himself definitely
yesterday.

"I have full confidence in him and in
his probity," he said. "I do not see
what more there is for me to say about
him."

It was intimated yesterday that, fired
by the glowing results which have at-
tended Commissioner Hirshfield's in-
vestigation of the police fund, other in-
vestigations will be set in motion which
will reach out toward every bill which
has been passed at Albany within the
present administration affecting in any
way the treasury of this city. So far
the detective's slush fund has never been
proved to consist of \$100,000 of actual
money, but men who are born investiga-
tors are never daunted by disconcerting
facts, and it is promised that before all
the investigations projected are ended
they will turn up one slush fund after
another.

WASHINGTON, July 30.—An extensive area
of low barometer had its centre Friday night
off the Great Lakes and it was moving east-
ward. Pressure remains high, but it is
falling over the southern States and off the
South Atlantic coast and the pressure is
high and rising over the northern plain
States and the Upper Mississippi Valley.
Within the last twenty-four hours there were
local showers and thunderstorms in the
Atlantic States and the region of the Great
Lakes and over the southern Rocky Moun-
tain and northern plains States. Warm
weather continued to-day in the central Mis-
sissippi Valley and the middle and southern
plains States. The weather has become con-
siderably cooler over the Upper Mississippi
Valley, the northern plains States and in the
central Rocky Mountain region and southern
plains region.

In the north Atlantic States the weather
will be partly cloudy, with possible local
showers to-morrow and fair and cooler on
Monday. In the middle Atlantic States the
weather will be generally fair for the next
forty-eight hours, with somewhat cooler tem-
perature Monday. In the region of the
Great Lakes and the Ohio Valley the weather
will be fair and cooler to-morrow and fair
Monday. In the south Atlantic States the
weather will be unsettled, with thunder
showers to-morrow and partly cloudy with
local showers on the coast Monday. In the
east Gulf States and Tennessee the weather
will be generally fair.
